ACCOUNTANT'S COMPILATION REPORT

September 11, 2012

Louisiana State Radiologic Technology
Board of Examiners
State of Louisiana
Metairie, Louisiana

We have compiled the statement of net assets of the Louisiana State Radiologic Technology (a component unit of the State of Louisiana), as of June 30, 2012, and the related statements of revenues, expenses and change in fund net assets, activities and cash flows for the year then ended included in the accompanying prescribed form. We have also compiled the supplementary information included as Schedules 1-5 and 15-16 of the accompanying prescribed form. We have not audited or reviewed the accompanying financial statements and supplementary information and, accordingly, do not express an opinion or provide any assurance about whether the financial statements and supplementary information are in accordance with the form prescribed by the Division of Administration, Office of Statewide Reporting and Accounting Policy.

Management is responsible for the preparation and fair presentation of the financial statements and supplementary information in accordance with requirements prescribed by the Division of Administration, Office of Statewide Reporting and Accounting Policy and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements and supplementary information.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements and supplementary information.

These financial statements (including related disclosures) and the supplementary information are presented in accordance with the requirements of the Division of Administration, Office of Statewide Reporting and Accounting Policy, which differ from accounting principles generally accepted in the United States of America. This report is intended solely for the information and use of management of the Louisiana State

Radiologic Technology Board of Examiners, the Division of Administration, Office of Statewide Reporting and Accounting Policy, and the Legislative Auditor, State of Louisiana, and is not intended to be and should not be used by anyone other than these specified parties.

We are not independent with respect to the Louisiana State Radiologic Technology Board of Examiners.

INTRODUCTION

The Louisiana State Radiologic Technology Board of Examiners (the Board) was created by the Louisiana State Legislature under the provisions of Louisiana Revised Statute 37:3200-3219. The following is a brief description of the operations of Louisiana State Radiologic Technology Board of Examiners and includes the parish/parishes in which the Board is located:

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standard (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification). This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such principles.

The accompanying financial statements of Louisiana State Radiologic Technology Board of Examiners present information only as to the transactions of the programs of the Louisiana State Radiologic Technology Board of Examiners as authorized by Louisiana statutes and administrative regulations.

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounts of the Louisiana State Radiologic Technology Board of Examiners are maintained in accordance with applicable statutory provisions and the regulations of the Division of Administration – Office of Statewide Reporting and Accounting Policy as follows:

Revenue Recognition

Revenues are recognized using the full accrual basis of accounting; therefore, revenues are recognized in the accounting period in which they are earned and become measurable.

Expense Recognition

Expenses are recognized on the accrual basis; therefore, expenses, including salaries, are recognized in the period incurred, if measurable.

B. BUDGETARY ACCOUNTING – NOT APPLICABLE

C. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS (If all agency cash and investments are deposited in the State Treasury, disregard Note C.) See Memo 13-01, Appendix A, for information related to Note C.

1. DEPOSITS WITH FINANCIAL INSTITUTIONS

For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposit. Under state law the Louisiana State Radiologic Technology Board of Examiners may deposit funds within a fiscal agent bank selected and designated by the Interim Emergency Board. Further, the Board may invest in time certificates of deposit in any bank domiciled or having a branch office in the state of Louisiana, in savings accounts or shares of savings and loan associations and savings banks, and in share accounts and share certificate accounts of federally or state chartered credit unions.

For the purpose of the Statement of Cash Flows and balance sheet presentation, all highly liquid investments (including negotiable CDs and restricted cash and cash equivalents) and deposits (including nonnegotiable CDs and restricted cash and cash equivalents) with a maturity of three months or less when purchased are considered to be cash equivalents.

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are required to be held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts held by the State Treasurer.

GASB Statement 40, which amended GASB Statement 3, eliminated the requirement to disclose all deposits by three categories of risk. GASB Statement 40 requires only the disclosure of deposits that are considered to be exposed to custodial credit risk. An entity's deposits are exposed to custodial credit risk if the deposit balances are either 1) uninsured and uncollateralized, 2) uninsured and collateralized with securities held by the pledging financial institution, or 3) uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the entity's name.

Notes to the Financial Statement
As of and for the year ended June 30, 2012

The deposits at June 30, 2012, consisted of the following:

	Cash	Nonnegotiable Certificates of Deposit	Other (Describe)	Total
Deposits per Balance Sheet (Reconciled bank balance)	\$ 189,721	\$	\$	\$
Deposits in bank accounts per bank	\$ 192,011	\$	\$	\$
Bank balances exposed to custodial credit risk:	\$	\$	\$	\$
a. Uninsured and uncollateralized				
b. Uninsured and collateralized with securities held by the pledging institution				
c. Uninsured and collateralized with securities held by the pledging institution's trust department or agent, but not in the entity's				

NOTE: The "Deposits in bank accounts per bank" will not necessarily equal the "Deposits per Balance Sheet" due to outstanding items.

The following is a breakdown by banking institution, program, and amount of the "Deposits in bank accounts per bank" balances shown above:

<u>Banking Institution</u>	<u>Program</u>	<u>Amount</u>
1. Capital One Bank Account # 813116014	General	\$ 58,023
2. Capital One Bank Account # 812091301	General	133,988
Total		\$ 192,011

Cash in State Treasury and petty cash are not required to be reported in the note disclosure. However, to aid in reconciling amounts reported on the balance sheet to amounts reported in this note, list below any cash in treasury and petty cash that are included on the balance sheet.

Cash in State Treasury \$ _____
Petty cash \$ _____

2. INVESTMENTS

The Louisiana State Radiologic Technology Board of Examiners does maintain investment accounts as authorized by Louisiana State Radiologic Technology Board of Examiners (Note legal provisions authorizing investments by Louisiana State Radiologic Technology Board of Examiners).

Custodial Credit Risk

Investments can be exposed to custodial credit risk if the securities underlying the investment are uninsured, not registered in the name of the entity, and are either held by the counterparty or held by the counterparty's trust department or agent, but not in the entity's name. Repurchase agreements are not subject to credit risk if the securities underlying the repurchase agreement are exempt from credit risk disclosure. Using the following table, list each type of investment disclosing the total carrying amounts and market values, and any amounts exposed to custodial credit risk.

GASB Statement 40 amended GASB Statement 3 to eliminate the requirement to disclose all investments by three categories of risk. GASB Statement 40 requires only the separate disclosure of investments that are considered to be exposed to custodial credit risk. Those investments exposed to custodial credit risk are reported by type in one of two separate columns depending upon whether they are held by a counterparty, or held by a counterparty's trust department or agent not in the entity's name. In addition, the total reported amount and fair value columns still must be reported for total investments regardless of exposure to custodial credit risk.

F. RESTRICTED ASSETS- NOT APPLICABLE

G. LEAVE

1. COMPENSATED ABSENCES

The Louisiana State Radiologic Technology Board of Examiners has the following policy on annual and sick leave: (Describe leave policy.)

An example disclosure follows:

Employees earn and accumulate annual and sick leave at various rates depending on their years of service. The amount of annual and sick leave that may be accumulated by each employee is unlimited. Upon termination, employees or their heirs are compensated for up to 300 hours of unused annual leave at the employee's hourly rate of pay at the time of termination. Upon retirement, unused annual leave in excess of 300 hours plus unused sick leave is used to compute retirement benefits.

The cost of leave privileges, computed in accordance with GASB Codification Section C60, is recognized as current year expenditure in the fund when leave is actually taken; it is recognized in the enterprise funds when the leave is earned. The cost of leave privileges applicable to general government operations not requiring current resources is recorded in long-term obligations. The total amount of compensated absences as of June 30, 2012 is \$3,642.

2. COMPENSATORY LEAVE – NOT APPLICABLE

H. RETIREMENT SYSTEM

Substantially all of the employees of the Board are members of the Louisiana State Employees Retirement System (LASERS), a single employer defined benefit pension plan. The System is a statewide public employee retirement system (PERS) for the benefit of state employees, which is administered and controlled by a separate board of trustees. (Note: If LASERS is not your entity's retirement system, indicate the retirement system that is and replace any wording in this note that doesn't apply to your retirement system with the applicable wording.)

All full-time employees of the Board are eligible to participate in the System unless they elect to continue as a contributing member in any other retirement system for which they remain eligible for membership. Certain elected officials and officials appointed by the governor may, at their option, become members of LASERS. Normal benefits vest with 10 years of service. Generally, retirement age employees are entitled to annual benefits equal to \$300 plus 2.5% of their highest consecutive 36 months' average salary multiplied by their years of credited service except for members eligible to begin participation in the Defined Benefit Plan (DBP) on or after July 1, 2006. Act 75 of the 2005 Regular Session changes retirement eligibility and final average compensation for members who are eligible to begin participation in the DBP beginning July 1, 2006. Retirement eligibility for these members is limited to age 60, or thereafter, upon attainment of ten years of creditable service. Final

average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment.

Vested employees eligible to begin participation in the DBP before July 1, 2006, are entitled to a retirement benefit, payable monthly for life at (a) any age with 30 years of service, (b) age 55 with 25 years of service, or (c) age 60 with 10 years of service. In addition, these vested employees have the option of reduced benefits at any age with 20 years of service. Those hired on or after July 1, 2006 have only a single age option. They cannot retire until age 60 with a minimum of 10 years of service. The System also provides death and disability benefits and deferred benefit options, with qualifications and amounts defined by statute. Benefits are established or amended by state statute. The System issues a publicly available annual financial report that includes financial statements and required supplementary information for the System. For a full description of the LASERS defined benefit plan, please refer to the LASERS 2011 Financial Statements, specifically, footnotes A – Plan Description and C – Contributions. A copy of the report may be obtained by writing to the Louisiana State Employees Retirement System, Post Office Box 44213, Baton Rouge, Louisiana 70804-4213, or by calling (225) 922-0600 or (800) 256-3000. The footnotes to the Financial Statements contain additional details and are also available on-line at:
http://www.lasersonline.org/uploads/2011_CAFR_web_version.pdf

All members are required by state statute to contribute with the vast majority of employees of the state who became members before July 1, 2006 contributing 7.5% of gross salary. Act 75 of the 2005 Regular Session increases the member contribution rate from 7.5% to 8% for new members hired after June 30, 2006. The Board is required to contribute at an actuarially determined rate as required by R.S. 11:102. The contribution rate for the fiscal year ended June 30, 2012, increased to 25.6% of annual covered payroll from the 22% and 18.6% required in fiscal years ended June 30, 2011 and 2010 respectively. The Board contributions to the System for the years ending June 30, 2012, 2011, and 2010, were \$25,670.84, \$25,963.31, and \$20,667.20, respectively, equal to the required contributions for each year.
